Sweet! I finally made it through high school. It seems like only yesterday I walked into Sacred Heart as a freshman. First of all, I would like to thank my mom for sending me to this school and always supporting me. You always knew what was best for me. Dad, Josh, thanks for all the good advice. Even though maybe you thought I didn't listen half the time, I really did. To all my friends, I'll always remember the good times we had. Finally I can wear that shirt that says "I survived Catholic School" - 13 years of it in fact. I've had some pretty good times while I was here. It's a wonder I got out in one piece. I've changed a lot these last 4 years. Thanks to everyone, especially Abby, for putting up with me. For a while it seemed like I might be in the five-year high school plan, but I pulled ahead and made it out in 4. Mr. Foresta, thanks for giving me a hard time. I hope all of you remember me, I'll remember you. "It's better to die standing, than to live on your knees." - Bad Andy

I've learned so much growing up. Caring is a risk you must be willing to take. Sunbathing is good for the soul. You can brighten someone's day just by a smile. Always be yourself no matter who or what tries to change you. Mom, you've guided me and given me space to grow. Dad, I'll always be your little girl. Mike and Adam, we'll always have a special bond. I love you all. To anyone who has ever made me smile, dropped me a nice note, called me just to say hi, or cared enough to become my friend, thank you.

Born in the latter part of the senior class, the date being March 1984. The hopes for me to be going to a high ranking Ivy League school are slim to none. Not that I did not try at any of my classes, I simply was not the most universally bright. Severely lacking the stamina and overall concentration to sit down and read required books was as much a part of my life. Few things get my attention better than the higher theories of Physics. They are simply imagination with a little bit of fundamental rules. So as long as nothing says you can't, you can do it! Science has always had its place in my soul, or brain, or heart. Not much else grabs my attention. A good story and someone to debate it with is good old enjoyment

When I first came to Sacred Heart High School as a freshman, I didn't like it. Freshman year was difficult because I didn't know any of the students or faculty. But as soon as I started getting into the swing of things I got to know some people who eventually became my best friends. It's senior year and my high school experience is almost over. Now I feel like I belong here and don't want to leave. It's both an exciting and sad feeling. I want to wish everyone good luck in whatever they choose to do in life, and thank the teachers who got us started in achieving those goals.

Mom and Dad, thanks for the opportunity and support to let me spend a year in America. Sebastian, thanks for being my "big-little" brother. You are the best brother ever. I've enjoyed growing up as your little sister. You were always there on the phone when I needed you. Michaela and Sabine, thanks for being my best friends in Germany. I would like to thank my host family for their hospitality and great time we had, and my host mom for helping me when I was feeling bad and homesick. Thank you Boeckes, I will miss you! This opportunity afforded me the challenge to pursue my dream to become a multi-lingual individual. This time has let me know what American life and the spirit of its people are. In September, it was a time of great tragedy but the Americans held out. I know that sometimes the easier way is to give up but like the Americans I kept trying and persevered. My dream is my goal. I realized that I'm strong enough to strive towards any goal I've set. To the class of 2002- set your goals, reach for the stars, and remember don't give up.

Amnesty International

Saving prisoners around the world

Amnesty International promotes the observance of human rights worldwide, as set out in the Universal Declaration of Human Rights, adopted by the United Nations in 1948. The group watches for and responds to violations of human rights (including imprisonment, torture and harassment) through its petitions and

letter writing campaigns.

Sacred Heart's chapter of Amnesty responds monthly to two "Urgent Actions" with letters addressed to government officials urging their adherence to the Declaration of Human Rights. Hopefully this is one contribution towards developing a more just world.

In Closing...

"The Friend I Won't Forget"

*The time has come to say good-bye
The years went by so fast
And now I hope with all my heart
These memories will last*

*But as you leave I think about
My wish that you could see
Glance through my eyes to realize
All that you meant to me*

*Your smiling face, the hugs you gave
The laughter that you shared
But most of all I would hold dear
The knowledge that you cared*

*You picked me up when I was down
you saw when I was low
And when I was alone
You turned to say "hello"*

*You showed me how to live my life
Revealed the way to me
I'll take your lead and share my light
With everyone I see*

*A million thanks is not enough
I still live in your debt
So in my heart you will always be
The Friend I won't Forget*
